Drury is a conventional 2♣ response by a passed hand after partner opens 1♥ or 1♠ in third or fourth seat. The 2♣ bid is artificial, showing a limit raise with 10-12 support points and 3+ card support.

Playing Drury, responder can keep the bidding low at the 2-level instead of making a jump raise. Since many partnerships open light in third or fourth seat, responder wants to bid conservatively opposite a weak hand.

Opener's Rebids

After opening 1♥ and hearing a 2♣ response, opener's rebids are:

Opener's Rebid	Meaning
2♦	A sub-minimum hand (10-12 points)
2♥	A normal opening bid (12+ points)
All other bids	Natural, game-forcing with slam interest

After opening 1♠ and hearing 2♣:

Opener's Rebid	Meaning
2♦	A sub-minimum hand
2♥	Natural, 4+ hearts, but does not guarantee a full opening bid
2♠	A normal opening bid
All other bids	Natural, with at least normal opening values

In Competition

If 1♥ or 1♠ is doubled or overcalled, Drury is on if 2♣ is an available bid for responder. Examples:

West	North	East	South
Pass	Pass	1♠	Dbl
2♣			

West	North	East	South
Pass	Pass	1♥	1 ♠
2♣			

If the Drury 2♣ is doubled, Drury is on if 2♦ is an available bid for opener. If 2♣ Drury is overcalled, Drury responses are off, but a partnership may agree to play stolen bid responses. Examples:

West	North	East	South
Pass	Pass	1♠	Pass
2♣	Dbl	2♦	

West	North	East	South
Pass	Pass	1♠	Pass
2♣	2♦	Dbl (1)	

1. Double shows a hand that would have responded 2♦.
