Reverse Drury is a variation of the Drury convention. In keeping with the principle of fast arrival, it reverses the meanings of opener's 2♦ and 2♥/♠ rebids. After opening 1♥ in third or fourth seat and getting a 2♣ Drury response, opener can rebid as follows:

Opener's Rebid	Meaning
2♦	A normal opening bid (12+ points)
2♥	A sub-minimum hand (10-12 points)
All other bids	Natural, game-forcing with slam interest

After opening 1♠ and hearing 2♣:

Opener's Rebid	Meaning
2♦	A normal opening bid
2♥	Natural, 4+ hearts, but does not guarantee a full opening bid
2♠	A sub-minimum hand
All other bids	Natural, with at least normal opening values
